Education

- Master's Degree in **Bioinformatics and Biostatistics** – 2026
- Technical Engineering Degree in **Computer Science** – 2012
- Master's Degree in **SAP Consulting** – 2008
- Bachelor's Degree in **Business Studies** – 2002

Experience as a Software Developer

Full Stack Development

2017 – Present

- Developed a web application using .NET , C# , PostgreSQL , SQL , React and TypeScript . The platform provides neurologists with a tool for estimating the likelihood of patients progressing to Alzheimer's disease. **Project ADT**
- Developed an intranet application using .NET , C# , PostgreSQL , SQL and TypeScript . It manages commercial quotations and employee timekeeping and provides dashboards with operational KPIs. **Project NTZ**
- Developed a web application using Django , Python , JavaScript , PostgreSQL and SQL , and deployed it on Heroku . The application was used to assess the programming skills of hundreds of candidates applying for IT training courses. **Project UOC**

Mobile Development

2013 – 2022

- Released a cross-platform application built with Flutter and Dart to help users retain English vocabulary. **Project MPC**
- Released an iOS application written in Swift to guide visitors around an animal park and help them find points of interest. **Project CBR**
- Published an iOS application developed in Objective-C , using AFNetworking , Core Animation , and Core Data to support Irish students in preparing for Leaving Cert exams. **Project TPD**
- Released a cross-platform application built with React Native and JavaScript to help computer science students understand the time and space complexity of common data structures and algorithms. **Project BIG**

Windows Development

2007 – 2018

- Developed a mid-sized ERP system using .NET , Visual Basic , MySQL , Oracle , SQL , and Crystal Reports . The platform streamlines the generation and tracking of commercial quotations, calculates stainless steel prices and optimizes warehouse inventory. **Project TKR**
- Created two applications using .NET , Visual Basic , MySQL , PHP and JavaScript to manage schedules for hundreds of employees at a healthcare company. **Project GRV**

Microsoft Office Development

2004 – 2018

- Developed a specialized application using Access , VBA , and SQL to centralize and manage medical records for the Neurology Department at one of Spain's leading hospitals. **Project BAD**
- Developed an application using Access , VBA and SQL to track incidents related to a critical manufacturing process. **Project ESL**
- Developed an application using Excel and VBA to analyze data from millions of phone calls and audit the accuracy of the invoicing process. **Project MOV**

Experience as a Programming Instructor

Public Employment Service of Catalonia (SOC)

2021 – Present

- **Frontend Web Development** – Course on frontend web development using HTML, CSS, JavaScript, React and React Native, designed for job seekers with limited programming experience. **9 course runs**

Open University of Catalonia (UOC)

2016 – 2023

- **New Trends in Mobile Development** – Master's course on cross-platform application development using React Native and Flutter. **6 course runs**
- **iOS App Development** – Course on native iOS development using Swift, specifically tailored for unemployed programmers aspiring to become iOS developers.
- **Advanced Android App Development** – Master's course on native Android development using Kotlin and Java.
- **Mobile App Development** – Coordinator of Master's degree capstone projects.
- **Multimedia Technologies and Applications** – Master's course covering infographics, presentations, UI and UX design, and video production. **6 course runs**

- **Prototyping Lab** – Practical support lab for a Master's program, covering tools such as Figma and Justinmind.
- **Multimedia Lab** – Practical support lab for a Master's program, covering Photoshop, Illustrator, Justinmind, Figma, JavaScript and Processing.

Other credentials

- **Technical translator** for the 16th and 17th editions of the [Mobile Developer's Guide to the Galaxy](#). (English → Spanish) – 2017 – 2018
- **Certified in SAP Financials ERP 2005** – 2008
